

People Improvement Organization Newsletter

People Improvement Organization (PIO) serves over 1400 Cambodian children with free education, nutrition, healthcare and vocational training. We provide some of the most vulnerable children in Cambodia with hope for the future. With the right education, support and encouragement, Cambodian people will be able to take greater control of their lives and, as a result, they will break the cycle of poverty.

Solar Panels from JWI and Horseware

Many thanks to Horseware and JWI for your donation of solar panels for the new school at Stung Mean Chey! Your donation will make a big difference in providing PIO with a reliable source of electricity and greatly reduce our energy costs.

Antipodeans Abroad

At the end of October we had another visit from Antipodean's Abroad who brought a team of 14 nursing students and two supervisors from Monash University. The group worked with the PIO doctor to assess and treat 500 students at the Stung Mean Chey school. They also donated a big box of medical supplies. PIO is very appreciative of these visits which are now a regular fixture in the PIO school year.
